# COMMENTS

from some of our “satisfied” customers!

“I thought there was nothing I could learn about money after so many years of living on a tight budget and with a large family. However, I soon found the principles and practices in the course offer many improvements, and therefore...*hope!*”

“Egbert is an excellent teacher. Egbert’s having a financial services background is great for this class because there were questions that someone who was strictly using the book for their knowledge could not answer.”

*“Great class! A good reminder of a lot of good truths. Great encouragement to persevere. Great help in re-doing budget and pursuing practical goals with our finances.”*

“I believe this class would be very beneficial to all participants if it was required during the first six months of BCS participation. It would help BCS and the participants greatly.  
*Thanks for the ‘push’ to take the class.”*

“As we are entering a new ‘season’ of life – retirement... love the simple, comprehensible itemization of the worksheets... they took into account points I hadn’t even thought about...”

“I learned a lot about how much I didn’t know about our financial situation. I knew it wasn’t good but it took me back to see just how much we spend on credit card payments monthly alone, and now I have a good idea on how to get out of the hole and about how to do it.  
Thank you very much!”

“We had recently started many of the things discussed in class, but this helped affirm and solidify our commitment.”
